

## Christmas Houses

The first book of its kind to celebrate the annual phenomenon that is the art of external Christmas decoration. In households and neighbourhoods throughout the land, elaborate plans are already underway for winter wonderlands of multi-coloured light sequences, lit-from-within inflatable snowmen and a riot of Father Christmases and attendant reindeer. Christmas Houses pays homage to the growing phenomenon of yuletide house-bling, capturing the best, the wildest, and the most sophisticated motion-sensitive Santas, light displays and lighted grottos from all over the country.
