

Grade 5 Music Theory Classified Exam Preparation Exercise 1 (Interval and Transposing)

This book is written for students who are frustrated for the interval and/or transposing parts of the ABRSM music theory exam. It provides nearly 80 exercise for these 2 topics. Answers for all exercise are also provided at the back of this book. The exercise are similar to the style of the exam. There are classified exercise for each of the topics. For example, for the topic of interval, there is a specific chapter for each of the followings: melodic interval (in treble clef), melodic interval (in bass clef), harmonic interval and looking for a specific interval in an extract. For the transposing topic, other than normal exercise, this book also provides a table in the appendix that shows how to write a new key signature for the extract given in the transposing question. In conclusion, this book aims to help students to have a comprehensive practice before the exam so that they can get a higher mark in the exam.
