

## Folds, Bodies & Blobs : Collected Essays (Books-by-architects)

Greg Lynn is a distinguished teacher (Columbia University New York, and the University of California), writer, and practicing architect. This publication, occasioned by an exhibition of his work at the space Encore...Bruxelles collects a series of theoretical texts that have paralleled and influenced his design practice. Its focus on a limited set of issues involving the relationship between geometry and proportional models of the organism seeks to produce a diverse array of concepts.
