Frame #105 - Make Less / Think More
No better place to take the temperature of design than Milan. Introduced as a showcase for innovative products from Italy's furniture industry, the Salone del Mobile has evolved over a period of nearly 55 years into a global marketplace, a breeding ground for young talent, a platform for branding and as we all know a hotbed of discussion on and around design. But how new is the design that's presented in Milan?
Contents
Seeds
Alternative energies spring to life. Outdoor pieces look fit for the indoors. Furniture fattens up at the Fiera. Lighting slims down at EuroLuce. Brands galore reissue classics. We reveal the most thought-provoking projects and comments from Milan Design Week.
Portraits
The stylish Ise Crawford speaks out. Klaus Kemp inspires with the invisible. Cos reveals all about its collaboration with Snarkitecture for the Salone del Mobile. Marcel Wanders introduces Jonas Forseman. All this and more perspectives on people.
Harvest
Acne plays a home game. Nendo does it again. Maison Margiela gets theatrical in Milan. Lexus seduces with subtlety. Sonia Rykiel hits the books. Muti Randolph makes a light show for shoppers at Melissa. It's the pick of the crop from the worlds of art and design.
Features
In this issue's Frame Lab, ten designers change the game of products: make less, think more. Lee Bul draws upon the architecture of space, mind and body to construct an exceptional version of everyday reality. Herzog & de Meuron seduces with subtlety in Tokyo, expressing Miu Miu's deep desire for change and self-expression.
Reports
