

1000 Signs (Klotz) (Multilingual Edition)

Made in cooperation with Colors magazine, this book features an amusing collection of signs from around the world. Divided into chapters by type (animals, men, stop, danger, weapons, transport, children, toilets, work, nol, etc.), the signs demonstrate how different cultures interpret the signs with which we are all so familiar. The colorful photographs are accompanied by text describing the signs as well as their meanings and origins.
