

Paper Magic

The approach and style of Paint Magic and Fabric Magic are followed in this guide to the uses of paper in interior decoration. Jane Gordon Clark aims to provide a wide range of elegant and original effects that can be achieved: on walls and ceilings, to create spatial illusion, to transform the scale and proportion of a room and to camouflage; borders that add architectural detailing and finishing touches; paper paintings and panels; decoupage; print rooms and silhouettes. Also covered, with practical guidance, are projects to transform furniture and accessories from windowshades and lampshades to small objects.
