

The Poisoning Of America!: What Ever Digestive Sufferer Should Know!

This is my actual Health Journal. NO DIET BOOK, DIET PILL, DIET PLAN, CLEANSE, OR CLEANSE PRODUCT WILL EVER BE THE ANSWER. TO YOUR IMPROVED HEALTH. YOU MUST CHANGE WHAT YOU EAT THAT IS THE BOTTOM LINE AND THAT IS WHAT I FOUND OUT ON MY JORNEY AND MY SUBSQUNT WAY BACK TO HEALTH! AND A LIFE WITH QUALITY! WE ARE CURRENTLY OVER-MEDICATED, YOUR ANSWER TO FEELING BETTER IS NOT ONE PILL AGTER ANOTHER. MEDICATION GENERALLY NOT THE ANSWER TO YOUR DIGESTIVE AND IMMUNE ISSUESIT TREATS THE SYMPTOMS NOT YOUR ROOT CAUSE. IT IS SIMPEYOU NEED TO MAKE A DECISION AND BE RESPONSIBLE FOR A GREAT DEAL OF YOUR HEALTH. EDUCATE YOURSELF AND YOU AND YOUR FAMILY WILL BE HEALTHY TOGETHER THERE IS NO LIFE IF YOU DONT HAVE THE QUALITY OF LIFE THAT ALLOWS YOU TO LIVE! THERE ARE NO DO-OVERS. GET IT RIGHT AND GET IT RIGHT NOW FOR THE SAKE OF YOUR FAMILY AND YOUR OWN HEALTH! My researched was intended to help me find out what was wrong with me. I suffered for 2 ? years with a digestive problem of unknown origin. During the research process, I found out that thousands of people were fighting with health issues that presented the same or similar symptoms. However, the multiple health issues I include are connected by one single commonality. My journey, which was and is primarily a digestive issue, but also includes so much more information and affects so many other escalating health issues. I have touched on the following issues, Depression, Obesity, Type II Diabetes, Autism, Brain-Gut connection, Alzheimers,

and our overall poor health as a nation. No one can understand your pain and frustration better than someone who has walked in your shoes. I spent months in pain, depression, frustration, bloating, and nausea I no longer had control of anything in her life! I was desperate to find a Diagnosis to her own health issue. What she found provided her with a diagnosis. However, it wasn't just a diagnosis for her; it was a diagnosis for thousands. By following a basic three-step process, you will regain your Intestinal Health back and enjoy living again! What would it mean to you if you were no longer hampered by your health issues? How would you like to look and feel younger? How much better off would you be if you had mental clarity, increased energy, and less anxiety? Those changes are possible now. This is your turning point. All the symptoms you are experiencing may seem separate but they are linked. Our bodies are in a constant state of chronic inflammation and modern medicine knows that inflammation is the underlying cause for so many of health issues we face today. We all have a boiling point Ms. Paruso reached hers when will you reach yours? This book has information that I think every patient out there who has been diagnosed with the nonspecific Irritable Bowel Syndrome label needs to know. I am a physician who has been in practice for more than 20 years, and I consider myself one who thinks out of the box, yet there were many things I learned from Nancie and her incredible fight to find answers and regain her health. This book and her information need to be in the hands of every gastroenterologist! Bravo Nancie! - Dr. Carmelita Fields of Savannah, Georgia I can attest to most of the facts in this book. My wife has suffered with bloating, diarrhea, and PAIN for over thirty years. Therefore, I think I am somewhat of an expert. My Wife has been to many doctors and tried all of the different cures also avoiding salads in restaurants and whatever advice they had. Finally, a friend introduced my wife to Nancie Paruso. After some advice from

Nancie, the bloating stopped the next day. Some adjustment in her diet and checking all the food she used for FRUCTOSE ended years of suffering for her and me. We just received a signed copy of the book as Nancie was writing it when we got her advice. I can tell you it WORKS. Get the book and read it. - Frank Van Giesen (review on Amazon)
